PROFILE SUMMARY

Motivated B.Sc. Computer Science graduate (2025) and Full-Stack Developer with a strong foundation in Python and MERN Stack (MongoDB, Express, React, Node.js). Currently pursuing MCA via Distance Education, allowing for immediate full-time employment. Passionate about building scalable web applications, from optimizing SQL backends to crafting responsive React frontends. Ready to contribute job-ready code to a dynamic engineering team.

EDUCATION

Master of Computer Applications (MCA) | Distance Education

JAIN UNIVERSITY [2026]

Full Stack Python Development (6-Month Course) - 2025

Qspider

Bachelor of Computer Science (B.Sc.) - 2022 - 2025

PSGR Krishnammal College for Women

Completed with strong academic performance and hands-on project experience.

TECHNICAL SKILLS

- **Languages:** Python, JavaScript , HTML, CSS, SQL.
- **Frameworks & Libraries:** React.js, Node.js, Express.js, Django.
- **Databases:** MongoDB, MySQL.
- **Tools:** GitHub, VS Code, Figma.

PROJECT

OrderSmart - Full Stack E-commerce App

- **Tech Stack:** React.js, Node.js, Express.js, MongoDB
- Developed a responsive order management system streamlining user purchases and admin inventory control.
- Built a RESTful API with Node.js/Express to handle product CRUD operations and secure user authentication.
- Designed a dynamic Frontend using React hooks for real-time cart updates and smooth navigation.

SOFT SKILLS

- Problem Solving & Debugging
- Agile & Team Collaboration
- Adaptability & Continuous Learning
